**"Memories of Today"  
Featuring Laurie Allen**

Enjoy the mythical, magical and sometimes musical moments of stories from around the globe. They mesmerize, spark memories and help meld together members of the community. You might laugh, you might cry, you might even find yourself remembering your own stories.

Laurie Allen has been mesmerizing audiences with her stories throughout the area for nearly two decades, having shared in schools, libraries, festivals, parks, family groups and anywhere people will listen. She specializes in folk tales, ghost stories and legends of the American experience.
