Steffani Raff will take you on a journey through time to meet family members past and present who have given her unexpected gifts. Funny and heartfelt, these stories are guaranteed to warm a cold winter's night.

Steffani has performed and taught storytelling in a variety of settings since 1997. Steffani's book, "The Ravenous Gown: And 14 More Tales about Real Beauty" won a Storytelling World Award in 2016. The Deseret News called Steffani's stories, "clever, humorous, thought-provoking tales." Her latest project JOT (Journal of Thoughts and How to Find Them) is a beautifully designed hardcover journal with a unique built in system that allows you to keep track of everything you write.
