Ramona graduated with a BFA in acting from Wayne State University in Detroit, MI and went on to earn an Acting Certificate from the Moscow Art Theatre before founding Hands-On Folktales in 2013. Hands-On Folktales has been invited to classrooms, stages, and events all over the country to share stories and art with all ages and abilities. Guided by the mission to promote literacy through art appreciation, Hands-On Folktales involve the listener as a cooperative partner in the experience.

For November 30, each story will focus on characters that show kindness and what happens when things are shared.
